EXPERIENCE

Built multiple responsive website templates using HTML, CSS, and JavaScript.

- I have created 4 games using HTML, CSS, and JavaScript, which are as follows:

agar.io A multiplayer game where players consume smaller circles to grow bigger.

- Jet Plane Game - A simple airplane game where players must avoid obstacles while flying.

- Flypy Car - A flying car adventure game where players can drive a car in the air.

-Tic-Tac-Toe-A classic two-player game where players compete using 'X' and 'O' to win.

The idea of game was mine but took from Code Chatgpt ,And python is pursuing now.
